ATTENDANCE REQUIREMENT FOR CREDIT POLICY

The Ontario Ministry of Education requires 110 hours of classroom instruction for a credit to be granted. Any student that does not complete 110 hours of classroom instruction is in jeopardy of being denied the credit, regardless of the reason for missed classes, and regardless of their grade. Merrick Preparatory School takes attendance and completion of a minimum of 110 hours of classroom instruction per course very seriously. Teachers at Merrick Preparatory School track attendance daily. When a student is late or absent, the teacher immediately contacts the parent(s) (for Day students) and works with the Head of School and the Residential Life Staff on duty to locate any late or absent Boarding students and communicates with the parent(s) as required.

When a student misses a class, for any reason, it is the student's responsibility to approach the teacher to receive the material from the class that was missed. It is also the student's responsibility to complete missed work and to approach the teacher if they do not understand any concepts covered during their absence. The teacher will create opportunities for the student to make up missed work, but it is the student's responsibility to approach the teacher to collect missed work and to complete the missed work. Students that do not complete missed work will be placed on a Behavioural Contract with consequences clearly outlined should they not submit missed work by the dates set by the teacher. The Behavioural Contract will be set up by the teacher and the Director of Academics with the student.

Once a student has missed ten classes in a semester they will have a meeting with the teacher, the Director of Academics and the Head of School to explain the serious nature of their situation and that they are in jeopardy of losing their credit. The Director of Academics will send an email home to the parents/guardians explaining the seriousness of the situation and copy the teacher, the Head of School, the Residential Life Coordinator and the student. Should a student fall below 110 hours of classroom instruction in a course it is the teacher's discretion, in consultation with the Director of Academics and the Head of School, to determine if the student has sufficiently demonstrated that they have met the skills, expectations and competencies of the course in order to earn a credit.

Students that miss exams will be given an automatic zero, unless there are extenuating circumstances requiring compassionate leave (eg: death in the family) or significant illness verified by a medical doctor, at the Head of School's discretion. In these extenuating circumstances an alternative exam will be provided in a timely fashion.

The attendance requirement for Synchronous Learners is the same as for those on campus, as outlined above. However, there are a few exceptions. If a student is not in class, the teacher will immediately email the parent(s) and copy the student. Students who miss classes that start before 7:00a.m. or after 10:30p.m. in their local time zone will not receive an email from the teacher as these times are deemed too early/too late; the student will be marked as having attended the class conditional the student watches the recorded video of the class and submits a short (3-5 sentence) reflective journal or homework prior to the next day's lesson. Students are encouraged to attend early morning or late evening classes. For more detail on Synchronous Learning Courses, please view the ***Synchronous Course Policy: Synchronous Learners & Late Arrivals***, below.

For online courses, in addition to the information above, please view the ***Online Course Policy***, below.

ASSESSMENT POLICY

All teachers at Merrick Preparatory School will return all graded materials in a timely fashion such that a student can review and learn from their evaluation prior to the next assessment being requested. For example, if a test is given, it must be returned with a grade and feedback and students must be given time to absorb the learning and feedback from that test prior to another test being given; a test is not to be given in the same class time as a test is returned, nor should a test be given the very next day. Time must be provided for the student to absorb and understand the feedback the first test provided before the next test is given. Teachers must provide two days, at a minimum, between a test being returned and the next test being given. The same would be true for any essay, assignment, test, exam or assessment for which a grade is given.

Assessments submitted one week prior to mid-term report card grades being tabulated may not be included in that reporting period.

Should a student be delinquent in not completing an assessment type by the due date and time, the other students will still receive their marked assessment (test, exam, essay, assignment, etc) prior to their next assessment, as outlined in the paragraphs above. At the point of submission of the assessment the teacher is to inform the delinquent student that the assignment is 'past due' and the student will receive a zero on that assessment. If the student would like to complete an assignment for that particular 'past due' assessment, the student is responsible for requesting an assignment immediately (at that moment) and the teacher will provide an alternative one unlike the one that is 'past due'. If the student does not request an alternative, the zero on that assessment stands. The alternative assignment will have a shorter timeline for submission (typically 1 or 2 days) and will be significantly challenging to reflect the difficulty of the first assignment. If the student fails to submit the alternative assignment by the due date and time, the zero on that assessment stands. All those that submitted the assessment on time will have their assignment returned in the regular fashion so as to not jeopardize their learning.

All assessments will have a due date and time. Merrick Preparatory School uses an electronic submission format similar to universities. If the student does not submit the assessment by the due date and time, as all submissions are electronically date and time stamped, it is considered 'past due' and will receive a zero.

Teachers can grant extensions at their discretion based on the situation and student request; the request for an extension must come at least one day prior to the assessment's submission date and have significant legitimacy to justify an extension. If a student does not submit the assessment by the assessment due date and time, the student will receive a zero.

All tests, quizzes, exams and assessments will be vigilantly monitored to ensure each student is working independently without additional resources, unless specifically provided or allowed by the teacher. During all quizzes, tests, exams, etc each student will be given only the materials required to write said assessment. The student will provide their own pen, pencil, eraser or other instruments as instructed by the teacher. The teacher will provide the exam and additional paper, if required. All jackets/coats, telephones, back-packs, computers, books, notes, bags, etc will be left in an adjacent room, or if an in-class test or quiz, such items can be placed against the front wall of the classroom under the white board or in a location of the teacher's choosing that ensures all students only have access to the appropriate and relevant resources for that assessment. At no time is a student allowed access, visually or otherwise, to these materials during an exam, test, quiz, etc, without the direct consent and supervision of the teacher. If a student is excused to go to the bathroom, or any other room, the room must be inspected before the student enters to ensure no additional materials, resources or supplies have been left in the room which may advantage the student. For Synchronous and Online Learners, a second device (phone, tablet) with camera must be aimed at

the student's keyboard and hands so that the teacher can view the exam writers' keyboard and hands for the full duration of the exam. Synchronous and Online Learners will write quizzes, tests and exams using an exam software supplied by Merrick Preparatory School. Any contravention of the above will result in an automatic zero for said assessment.

Students will complete a variety of assessments and evaluations throughout each course. Students will complete peer assessments and self-reflections regularly to monitor their progress toward achieving the learning goals set out in the course. Students will receive regular feedback in order to inform their learning before evaluations. Students will be informed that they can submit work early for feedback before it is evaluated. Teachers will provide students with a wide range of assessment and evaluation opportunities based on the learning goals within each class. Assessment and evaluation practices may include, but are not limited to: quizzes, formal lab reports, presentations, self and peer assessments, reflections, journal entries, tests, model creation, artistic projects, video creation, research assignments, demonstrations, dramatic plays, exams, summative assignments, etc. Students will always be given the opportunity to review feedback on one assessment before submitting the next, as noted in the first paragraph of this Assessment Policy.

RELEASE OF ACADEMIC REPORTS POLICY

First and foremost, Merrick Preparatory School is an academic institution, the goal of which is to ensure our students study in a physically and emotionally safe environment so that they can achieve their personal and academic goals and reach their potential. In order to ensure students are safe and that the staff of Merrick Preparatory School are well informed to serve them, all required documents as outlined in the application process, the Parent-Student Handbook and the Financial Handbook, and all payments as outlined in the Financial Handbook must be met. These include, but are not limited to all final report cards from previous grades prior to attending Merrick Preparatory School starting with grade 9, or equivalent, which must be submitted prior to the students arrival on campus for their first year; the Parent/Guardian and Student Contract, the Student Medical History, the Student Immunization History, and the Consent to Treatment, all of which can be found in the Parent-Student Handbook, and; all payments in full as outlined in the Financial Handbook meeting all stated deadlines. Without compliance, completion and submission of all of the above stated documents and payments, and any other documents or payments that are requested or outlined in any Merrick Preparatory School documentation, a student's report card, academic record, transcript, diploma or Ontario Student Record (OSR) will not be released to the student, parent, guardian, agent or any other institution that the student is applying to, including a university, college or other high school. It is only once all required documents and payments have been received in their entirety and fully completed that Merrick Preparatory School will release a student's report card, academic record, transcript, diploma, Ontario Student Record or any other documents.

TRANSCRIPT, DOCUMENT AND VERIFICATION REQUESTS

Current students and alumni may request transcripts, documents, or document verification. Transcripts and documents can be sent via email, fax, by mail or accepted in person. Transcripts and documents can take up to 7 – 10 business days to process. The costs for documents, including transcripts, to be re-issued after graduation are as follows:

- \$35.00 to have any document issued and sent in the mail within Canada, per address
- \$50.00 to have any document issued and sent to the United States of America, per address

Current students will not be charged for this service.

The cost of document verification will range depending on the verification process, but typically the costs, including courier and Embassy costs, can range from \$375 to \$500 per document.

Payment can be made via cheque, bank wire transfer or credit card via merrick.flywire.com.

ONLINE COURSE POLICY

Merrick Preparatory School (MPS) believes small class sizes, in-class instruction with highly qualified and dedicated teachers, and regular face-to-face interaction and tutorial support from teachers provides the best learning environment and outcomes – be that live in-person instruction or live synchronous instruction via our Synchronous Learning Platform. However, in some circumstances, online correspondence style courses, which are very different from live synchronous instruction, may be of value. Online correspondence style courses may be made available to MPS students under the following circumstances:

1. The Ontario Ministry of Education mandates that a student must take an online course. In these circumstances MPS will cover the cost of the course.
2. The course is a compulsory course, a graduation requirement for the Ontario Secondary School Diploma, and is not being offered by MPS. In these circumstances MPS will cover the cost of the course.
3. The course is required for acceptance into a university program and the course is not being offered by MPS. In these circumstances MPS will cover the cost of the course.
4. The student has a spare period and opts to take an online course during that spare period, a course that MPS is not offering and which does not meet the criteria as outlined in points 1, 2, or 3, above. In this circumstance the student will be responsible for paying all the costs associated with taking the online course, including but not limited to registration, tuition, course fees, books, supplies, materials, exam fees, tutorial support, MPS 15% administrative fee for course registration. Parental permission is required.
5. MPS has a course option available to the student, but the student opts not to take that course and chooses to take another course online which does not meet the criteria as outlined in points 1, 2, or 3, above. In this circumstance the student will be responsible for paying all the costs associated with taking the online course, including but not limited to registration, tuition, course fees, books, supplies, materials, exam fees, tutorial support, MPS 15% administrative fee for course registration. Parental permission is required.
6. The student wants to repeat a course to improve their grade (due to failing the course or earning a lower final grade than desired) and wants to do so before MPS offers the course again in its regular scheduled rotation of course offerings. In this circumstance, even if the course does meet the criteria as outlined in points 1, 2, or 3, above, the student will be responsible for paying all the costs associated with taking the online course, including but not limited to registration, tuition, course fees, books, supplies, materials, exam fees, tutorial support, MPS 15% administrative fee for course registration. Parental permission is required.

If an online course is delivered by Merrick Preparatory School, the following will apply:

1. Students must log into their courses daily and interact with their teacher and peers.
2. Student Log-in will be tracked by the teacher through OneNote time stamps.
3. Students must post answers to daily lessons and homework questions Monday through Friday. Submissions will be tracked by the teacher. Student/parent(s)/guardian(s) will be contacted should a student not meet this requirement.
4. Course Outlines and course syllabus will provide deadlines for course work and assignment submission, teacher office hours (two one-hour office-hours per week) and additional supports.
5. Students must use a computer as per our Technology Policy.

SYNCHRONOUS COURSE POLICY: SYNCHROUS LEARNERS & LATE ARRIVALS

For students who cannot come in person to our campus in Merrickville we provide a robust synchronous real-time “live-in-person” learning platform. Students from around the world can join our classes live and earn credits towards the Ontario Secondary School Diploma (OSSD). If the student ever wants to join us in person on campus, they can seamlessly transition into our boarding residence and benefit from all of our co-curricular and residential life activities, sports, clubs and engage with students in-person from around the world and the Merrickville area.

Merrick Preparatory School has set up special and additional supports to assist and guide Synchronous learning students. All students will have access to their teachers after each class and at the end of the academic day to ask any questions they may have. At any time, students, parents, or teachers can request a meeting to provide additional feedback and tutorial support, as required. Each teacher hosts two one-hour office hours per week between 8:00a.m. and 9:00p.m. local time for Synchronous learners. Weekly emails are sent every Friday by each teacher to all their students and parent(s)/guardian(s) to provide an update on academic progress and suggestions for improvement. If a teacher has any concern about a student, behaviourally, academically, from an attendance perspective or any other concern, the teacher will email the student and the parent(s)/guardian(s) and copy the Director of Academics and Head of School in an effort to address the issue promptly and ensure appropriate supports are put in place for student success. All teachers, Director of Academics and Head of School are available to all students and parent(s)/guardian(s) to provide continuous support for our students.

The maximum number of synchronous learners per class is fifteen. All classes are taught during regular school hours (8:45am – 3:45pm Eastern Standard Time), and students must attend in order to earn a credit (please view our “*Attendance Requirement for Credit Policy*”, above). Students must have an appropriate quiet workstation where they will not be interrupted, including a desk, chair, appropriate lighting, a computer (see our Technology Policy, and software and hardware requirements, below) and a power source. It is not acceptable to be lounging in a bed, chair, couch/sofa or on other furniture. Food must not be consumed while attending class. Students must remain in class for the whole class, with their headset-microphone and camera on, otherwise they will be counted as absent. Inappropriate behaviour as defined by school policies, or as determined in a teacher’s professional judgement, will result in removal from the class and possible removal from the course, with no refund or credit granted.

The minimum network and computer requirements for synchronous learners include:

1. Consistent 2Mbps up and down. A speed test must average above 2Mbps. To test your network speed there are various online tools, such as this one: <https://www.speedtest.net>. A wired, versus wireless, connection will provide more consistent performance.
2. Microsoft Suite and windows based Personal Computer.
3. Your computer must have a touch screen and a minimum of a 2.4 GHz processor and 8.0 GB RAM.
4. A webcam
5. A certified headset with microphone. Wired headset recommended, wireless headsets often have too much interference.
6. The following free software must be downloaded to participate in class:
 - a. Microsoft Teams: <https://www.microsoft.com/en-ca/microsoft-365/microsoft-teams/download-app>
 - b. Microsoft OneNote: <https://www.onenote.com/download/?MajorVer=14>
 - c. Web Browser: Microsoft Edge, most recent version.

LATE ARRIVALS

For those enrolled in our Boarding Program who are late arriving due to a delay in their Study Permit being issued, or due to matters beyond their control (e.g.: unforeseen circumstance that otherwise would force them to withdraw) can commence with synchronous learning for a maximum of one semester, after which their attendance on campus is required to continue with their studies as a boarding student. If a student cannot come to campus for the second semester, they will be removed from the boarding roll-call (removed from the school as a boarding student) and become a full time synchronous learner until such time that they can come to campus and be a boarding student, conditional there is still a spot available to them. All above policy requirements apply. For late arrivals who qualify, a refund per month is provided at the end of the semester, as outlined in our Financial Handbook. There is no maximum number of synchronous learners per class who are awaiting their Study Permit or who are late in arriving due to matters beyond their control. All late arriving students must confirm with the Head of School prior to commencing synchronous learning.

POLICIES RELATED TO SYNCHRONOUS AND ONLINE LEARNERS

All MPS school policies, procedures and expectations apply to all students enrolled at MPS, regardless if they are boarding students, day students. Synchronous learners or online students. These include, but are not limited to, polices outlined in the Policy Handbook, Parent-Student Handbook, Financial Handbook, or any other documents provided by MPS, or that may be updated and available on the MPS website. Of specific note:

- Attendance Requirement for a Credit Policy
- Withdraw from Course Policy
- Assessment Policy
- Release of Academic Reports Policy
- Discipline Actions Policy
- English Language Policy
- Code of Conduct
- Dress Code Policy
 - o The “After the Academic Day” section applies to Synchronous Learners; students will wear casual business attire. No pajamas, or other clothing as outlined in the policy.
- Academic Dishonesty and Plagiarism Policy
- Mobile Phone Policy: No mobile phones are allowed in class, unless instructed by the teacher
- Bullying Policy: in person or online or in any other way bullying or intimidating behaviour towards any member of the MPS community

WITHDRAWAL FROM COURSE POLICY

The process for withdrawing from a course is as follows:

1. The student must discuss with their teacher their reasons for wanting to withdraw.
2. The teacher must then discuss the student's request for withdrawal with the Director of Academics.
3. The Director of Academics will review the student's academic standing to ensure that their withdrawal does not jeopardize their ability to graduate or gain admission to the post-secondary program of their choice.
4. If the withdrawal jeopardizes the student's ability to graduate or gain admission to their chosen post-secondary program, the withdrawal may be denied after discussion with the student and the parent(s)/guardian.
5. If the withdrawal does not jeopardize the student's ability to graduate or gain admission to their chosen post-secondary program, then the Director of Academics will seek permission from the student's parent(s)/guardian to withdraw from the course. If the parent's consent to withdraw is given, then the student will be withdrawn from the course.

All other aspects of withdrawing from a course will follow the Ontario Ministry of Education guidelines as outlined in The Ontario Student Transcript (OST) Manual.

If a student withdraws from a grade 11 or 12 course after five instructional days following the issue of the first provincial report card in a semester school or five instructional days following the issue of the second provincial report card in a non-semester school, the withdrawal is recorded on the Ontario Student Transcript by entering a "W" (Withdraw) in the "Credit" column. The student's percentage grade at the time of the withdrawal is recorded in the "Percentage Grade" column. When a student withdraws a Withdraw Form must be completed and filed in the student's Ontario Student Record (OSR).

DISCIPLINARY ACTIONS POLICY

As a form of consequence Merrick Preparatory School will institute a range of disciplinary actions. Outlined below are the most common consequences for student misconduct.

Detention

Detentions are served in the Ottawa Room from 9:00p.m. to 10:00p.m., any night of the week, Sunday through Friday, regardless of a student's plans for the weekend. During detention the student is not allowed any electronics and must work quietly with pen and paper for the hour. Assignments, essays, tests or reflective journaling may be given during the detention hour as part of a learning exercise to have students reflect on their behaviour. Detentions are supervised by a Merrick Preparatory School staff. Day Students will serve detentions from 4:00pm – 5:00pm Tuesday, Wednesday or Friday evening.

Gating

A student that is gated cannot leave the Merrick Preparatory School building from Friday at 4:00p.m. until Monday at 8:00a.m. of any weekend for which the gating is given, regardless of a student's plans for the weekend. All electronics, including phones, computers, tablets, etc are collected at 4:00p.m. on Friday and returned at 8:00a.m. on Monday. Computers are returned from 12:30p.m. – 5:30p.m. Saturday and Sunday and during evening study on Sunday from 7:00p.m. to 9:00p.m. for students to do their schoolwork. Students that smoke can leave the building after speaking directly with the Residential Life Supervisor on duty, who must give their permission for the student to leave the building to smoke. Once the student returns from smoking the student must speak with the same Residential Life Supervisor to inform them that they are back in the building. Smoke breaks are to be taken only in the designated smoking area and should not last longer than 5 minutes. A gating is given when a student receives four detentions in one week or can be given as part of another disciplinary action. Should a parent need to reach their child they can call the Residential Life Duty Phone. A Day Student will serve a one-day suspension instead of Gating.

Suspension

Suspensions can last one day up to several days. Suspensions require a student to leave campus for the duration of the suspension and all food, lodging, transportation, and other expenses will be at the student's expense. Typically, when a student returns from suspension the student is on probation and any other infraction will lead to expulsion.

Expulsion

Expulsion is the permanent dismissal and removal of a student from Merrick Preparatory School with no option to regain admission. When a student is expelled there is no refund, and all related expenses are the student's/parent's responsibility.

ENGLISH LANGUAGE POLICY

Merrick Preparatory School prides itself on its ability to assist students in their English language acquisition and prepare them for success in their university studies. For students to be successful, Merrick Preparatory School has developed an English Language Policy based on best practices and the most appropriate and successful pedagogical approach.

Purpose: To increase and improve English language acquisition. To encourage inclusivity.

Policy: All students are to be speaking English at all times. If a staff person hears a student speaking any language other than English, the student will face the consequences, as outlined below. Certainly, there are times when students need to communicate in their mother tongue, such as when speaking with family members or when out in the public domain or off school property speaking with friends. While on Merrick Preparatory School property students should be speaking English at all times. If a student does need to speak in their mother-tongue, we ask them to respect the rules and have those conversations in the privacy of their room. However, if a staff member knocks on their door and enters their room, or another student who does not speak their language enters the room, the expectation is that the student will be speak English.

Exceptions:

There are times when a student may require someone to into their native language to understand a concept or to be able to participate or receive instructions. Further, if a student is taking a language course they may need to practice speaking in that language. In these circumstances the student should inform the staff member present that they need to translate or practice speaking another language for the purposes of their studies in a language course.

Consequences:

If a student is not speaking English, they will be given a detention. Repeat offenders may be given up to five detentions in a row with additional detentions and gatings as warranted. If someone is completely non-compliant further consequences such as suspension or expulsion will be considered.

Merrick Preparatory School believes that all members of the school community should treat each other with courtesy, respect, and tolerance, in keeping with the rules and boundaries we have established for our students. Staff, parents and students are entitled to a safe and nurturing environment in which to grow as a community. We expect that adults will set a good example for students at all times, demonstrating good behaviour with all members of the school and the wider community. Physical attacks and threatening behaviour, abusive or insulting language, verbal or written, will not be tolerated. Types of behaviour that are not in keeping with Merrick Preparatory School's Code of Conduct include:

- Damaging or destroying school property.
- Smoking, or consuming alcohol or drugs on school property or school trips.
- All students, families, staff, and volunteers should feel comfortable to express any frustration, disagreement or concern they have in a respectfully way, firstly with the person most directly responsible for or capable of resolution. If unresolved bringing it to the attention of the Head of School would be the next step:
 - for concerns regarding a student or classroom volunteer, the teacher would be most appropriate.
 - for concerns regarding teachers, other staff, or other families, the Head of School would be most appropriate.
 - if the concerned individual is unable to have the matter resolved to his/her satisfaction, he/she should speak directly with the Head of School.

Merrick Preparatory School (MPS) believes that a positive and constructive working relationship between the school and its parent community is essential. Therefore, MPS reserves the right not to

continue enrolment or not to re-enrol the student if the school reasonably concludes that the actions of a parent (or guardian) make such a positive and constructive relationship impossible or otherwise seriously interferes with MPS's accomplishment of its educational purposes. MPS reserves the right to take any necessary actions to ensure that members of the school community feel safe. Unacceptable behaviour may result in the school contacting the appropriate authorities and, if necessary, banning the offending adult from entering school grounds; these actions are defensible under both the Education Act and the Ontario Human Rights Code.

DRESS CODE POLICY

The School Uniform

The School Uniform is required for the entire academic day, and for representing the school on designated occasions. For **graduation** students must wear the Standard Dress Uniform, outlined below.

Standard Dress Uniform:

PHYSICAL INTIMACY

Emotional attachments are a natural part of adolescence and developing emotional relationships are healthy and natural. However, relationships of an intimate physical or sexual nature are of serious concern for the Merrick Preparatory School community. The varied ages of our students and the lack

of parental involvement make intimate relationships problematic. Sexual intimacy, sexual-physical contact, physical intimacy is not permitted for any students under our care. Parents will be contacted if relationships of this sort are suspected; consequences could range from recreational restrictions, detentions, weekend gating, suspension, or expulsion with no refund.

Displays of affection in public or common spaces and public displays of affection, while understandable are discouraged and may be dealt with as disciplinary issues.

 - o If a student enters a room and it is dark or dimly lit, they are responsible for turning on the light(s).
 - o If a student is in a room and someone inadvertently turns off the light, the student remaining in the room is responsible for turning the light(s) back on.

 - o Individuals laying together.

EXCLUSIVE RELATIONSHIPS & CLIQUES

Developing close friendships is a part of life we encourage, however, not at the exclusion of others. We believe that each individual has many gifts to share, and here at our campus with students from around the world, we know students have much to learn from each other. Students that spend time exclusively with one other, or a small group is discouraged. We expect students to engage with all

their peers and to take the opportunity to learn as much as they can from others, particularly those from different cultures. Those that form exclusive relations, or 'cliques' will be informed how their behaviour not only can be hurtful to those they exclude, but hurtful to themselves as they are denying themselves the opportunity to learn and grow from others. If the behaviour persists parents/guardians will be informed and ultimately if the behaviour is not altered, suspension and/or expulsion may result with no refund.

NON-PRESCRIPTION DRUGS

Merrick Preparatory School prohibits the consumption, possession, purchase, use and sale of non-prescription drugs, including legalized drugs such as cannabis/marijuana. Students of legal age for the consumption of legalized cannabis/marijuana products must not do so while a student at Merrick Preparatory School, be that on or off campus, during school activities and hours, or non-school activities and hours. With reasonable suspicion by the staff, a staff member may search a student's person, possession, or room. A student involved in a drug offence for the first time will receive consequences that range from suspension to expulsion, with all costs being the responsibility of the student and no refund is provided. If a student is involved in a second drug offence, expulsion will result. Any student admitted to Merrick Preparatory School subsequent to a drug offence from another school will be admitted on probation and upon any subsequent involvement with drugs will be expelled from the school, no refund will be provided. Students suspected of using non-prescription drugs (legal or otherwise) will be required to undergo drug test (urine or blood sample) at the student's expense, at any time, at the discretion of the school, administered by a medical professional.

ACADEMIC DISHONESTY & PLAGIARISM POLICY

All Merrick Preparatory School students must follow the Citation Manual available on the school website and taught during the first two weeks of school to avoid plagiarism and academic dishonesty.

Plagiarism is when a student takes credit for another person's work, or the work created through artificial intelligence software. The material copied can come from a website, magazine, book, newspaper, the Internet, a video, generated by artificial intelligence software or other information source, but can also be from speaking with another person. The following are situations where plagiarism can occur:

- copying another student's homework, test answers or projects
- in any way obtaining another person's work and submitting it as your own
- not giving proper credit to sources used in a paper, report, or project
- using artificial intelligence software and claiming it as your work, ideas, words

Academic dishonesty is also when, without teacher permission, a student gets help during a test or when completing an assignment. This includes:

- seeking help from another student or copying their work during a test, quiz, exam or any assessment.
- having or using unauthorized material during a test, quiz or exam
- doing any academic work with another student, unless permitted by the teacher
- allowing another student to copy your work, or providing your work to another student
- Using artificial intelligence to complete your work

Academic Dishonesty and Plagiarism will be treated separately for the purposes of accumulated offences. Circle which offence is committed: Academic Dishonesty or Plagiarism.

ACCUMULATED DETENTION POLICY

Merrick Preparatory School uses a range of consequences, as outlined in the Disciplinary Actions Policy, in an effort to curb behaviour and make students aware of how their behaviour may be adversely affecting themselves or others. MPS tracks student misconduct including the number of detentions a student serves. Accumulated detentions show a lack of understanding and significance of behaviour, a disregard for school rules, health and safety and disrespect for staff and other students. Those that continue to disregard school rules and accumulate unreasonable detentions over the course of a semester will face the following consequences:

At 10 Accumulated Detentions in a Semester:

1. Student will have a meeting with the Residential Life Coordinator or designated.
2. Student will serve a weekend gating (cannot leave school building from Friday at 4pm to Monday at 8am). For Day Students three additional detentions.
3. Residential Life Coordinator will send email to parent, agent, student and copy the Head of School and Director of Academics notifying them of the 10 accumulated detentions and concern over students' behaviour and outlining consequences should behaviour not improve.
4. Student will review Policy Handbook and expectations and sign this behavioural contract.

At 20 Accumulated Detentions in a Semester:

1. Student will have a meeting with the Head of School.
2. Student will serve two weekend gatings (cannot leave school building from Friday at 4pm to Monday at 8am). Day students will serve a one day suspension.

4. Student will review Policy Handbook and expectations and sign this behavioural contract.

2. Parent/Guardian is notified and responsible for transportation, food and all other necessities, including finding accommodation, and is responsible for all costs for the student during his/her five (5) day off-campus suspension.
3. A letter is sent to the parent/guardian by the Head of School.
4. Reaffirm school rules and student re-signs this policy. Student is made aware that expulsion will result with ten more detentions in the semester.

At 50 Accumulated Detentions in a Semester:

Repeatedly being non-compliant with school rules and expectations to the point that a student has accumulated 50 detentions in one semester shows an utter disrespect and disregard of the schools rules, policies and the health and safety of other students and staff. It demonstrates an unwillingness to modify or improve behaviour and represents a lack of commitment to remaining a

student at Merrick Preparatory School. At 50 accumulated detentions in one semester a student will be immediately expelled from the school with no refund. All expenses resulting from expulsion (food, accommodation, transportation, etc) are the parent/guardian's responsibility. For all non-Canadian passport holders, Immigration, Refugees and Citizenship Canada (IRCC) will be notified that the student is no longer attending Merrick Preparatory School.

I, _____ (Student's Printed Name) have read the "Accumulated Detention Policy" and reviewed the Policy Handbook. FOOD, DRINK AND KITCHEN POLICY

Merrick Preparatory School Chefs prepare nutritious, healthy, and delicious food for our students and staff, taking into consideration various dietary needs and restrictions, food preferences and cultural differences. Meals are prepared and served three times a day Monday through Friday and two times a day on Saturday and Sunday. A cold breakfast of toast, bagels, cereal, yogurt, juices, fruit and muffins is available on Saturday and Sunday, as well as any morning. Healthy snacks are provided after class and after evening study. Food is always available to students in the snack bar area adjacent to the dining hall. A large fridge in the snack bar area is stocked by the school Chefs for students to access any time outside of the regular meals. In addition, a fridge and food storage is provided to students should they wish to purchase speciality or comfort foods for evening snacks or weekends – these must be dried goods or prepared foods which do not require cooking. In compliance with Ministry rules no raw eggs or raw meat is allowed in the snack bar area or student food storage areas.

Students are not permitted to cook food in the snack bar area or anywhere in the school. All food preparation must be overseen by our kitchen staff. Students may re-heat food prepared by the kitchen staff or pour boiled water over a prepared food meant for such purposes (for example, ramen type noodles which are created for simple preparation with boiled water). If a student has a food preference other than what is on the menu, they can discuss it with our Food Service Manager.

In compliance with the Ontario Ministry of Health, Merrick Preparatory School kitchen, food preparation and food service areas are inspected three times per year. Soft drinks, energy drinks, juices and the like are **not** allowed in classrooms or in the dorms. If the Housekeeping staff find that glasses and mugs are not returned to the kitchen area after use, coffee and tea will be restricted to the snack bar and dining area.

To ensure students are eating healthy meals and to create a sense of community, all meals must be eaten in the dining hall. Friday dinner through Sunday lunch students are allowed to eat off campus.

The kitchen is a workspace for our kitchen staff who are trained and licenced in safe food preparation and in handling the various food preparatory equipment which can be dangerous. At no time are students allowed into the kitchen unless under the direct supervision of the Chef or Assistant Chef and only during sanctioned activities such as the cooking club. MOBILE PHONE POLICY

Merrick Preparatory School is a university preparatory high school. During the academic day and co-curriculars there is no need for a student to have a mobile phone; it is not required for their studies or co-curricular activities. During these times students **must** leave their mobile phone in their dorm rooms. Day students must leave their mobile phone in their locker. Should there be an emergency and a family member needs to reach a student, they can call the school phone number during the academic day (8:00am – 5:00pm) at +1.613.269.2064; and during the non-academic day (5:00pm – 8:00am) on the Duty Phone at +1.613.292.5111. Students can access their phones during the following times:

- Prior to classes starting in the morning
- After lunch is dismissed and before afternoon classes start

- After the last class of the day and before co-curriculars start
- After co-curriculars

Students who bring their phones to class or to co-curriculars will have their phone confiscated for an indefinite period of time, lasting up to three weeks. At no times are mobile phones permitted to be used in the dining hall. Should repeated offences occur suspension or expulsion will be considered.

SCHOOL VEHICLE POLICY

Merrick Preparatory School uses minivans, passenger buses and third-party vehicles to transport students. Merrick Preparatory School will, from time to time, replace, upgrade or purchase new or larger vehicles to accommodate school and student needs. Students may choose to use public transportation during their free time or for personal travel arrangements; this is their decision and Merrick Preparatory School does not accept responsibility for their safety in these vehicles. At no time are students permitted to take rides in any other vehicle other than those described above (e.g.: school vehicle, third-party vehicle, or public transit). For safety, risk, and liability reasons, at no time are students allowed to accept rides from others and are only allowed to use the above three mentioned transportation options.

All school vehicles are maintained at the highest standards and in compliance with the Ministry of Transportation Ontario (MTO). All school vehicle drivers are fully licensed and in compliance with the MTO. In accordance with best practice and industry standard **NO FOOD OR DRINK** is allowed in any school vehicle. This is industry best practice and standard across Ontario and recommended by the MTO for any school bus or school related travel. Further, spills and leftover food not only cause significant mess, but they also attract bees, wasps, and rodents, increasing the risk of harm to passengers and damage to Merrick Preparatory School property.

While traveling in a school vehicle, students must comply with the above rules and the rules and direction provided by the vehicle driver and Merrick Preparatory School staff. Non-compliance can jeopardize the safety of not only the individual student, but all passengers in the vehicle. Consequences for non-compliance may range from detention, to suspension and possible expulsion with no refund.

STUDENT VEHICLE POLICY

For Boarding Students:

While attending Merrick Preparatory School students are not allowed to keep a vehicle on site or drive any vehicle. Driving a vehicle can be a very dangerous activity, particularly for a new driver and those driving in a country which is new to them, including unfamiliar signage, language, and weather conditions. Given the dangers and risks associated with driving, Merrick Preparatory School strictly enforces its Student Vehicle Policy. At no time can a student, while attending Merrick Preparatory School, have a vehicle on site or drive a vehicle.

For Day Students:

If a parent of a day students consents to allow their child to use a vehicle to get to and from school, this is the parents prerogative and responsibility; the school takes no responsibility for that student or their vehicle. At no time can a day student transport or have any boarding student in their vehicle

without the written consent of the boarding student's parents. If they transport another day students, this is the prerogative and responsibility of the day students' parents involved.

CAMPUS LEAVE POLICY

Merrick Preparatory School encourages students to get involved in the Merrickville community, learn about Canadian culture, and explore the surrounding area. This is provided formally through our Residential Life Program, and it is encouraged for students to discover on their own during free time. To facilitate this exploration, Merrick Preparatory School has three levels of Campus Leave:

- i) **Self-Sign Out:** staying in the village of Merrickville and not getting into a vehicle, returning to campus within three hours.
- ii) **Sign Out with Residential Life Staff:** leaving the village of Merrickville and/or getting into a vehicle.
- iii) **Sign Out with Head of School, Parental Consent Required:** Leaving campus for two meals and/or staying away from campus overnight

*If a student is staying on Merrick Preparatory School campus or using the smoking area directly adjacent to campus property, sign out is not required. The school's **Curfew Policy** must always be respected when considering Campus Leave for a student.*

From Sunday evening through Thursday evening students must sign in for the evening meal (dinner) at 5:30p.m. and partake in the dinner meal as part of the Merrick Preparatory School community; from 7:00p.m. to 9:00p.m. students are in their rooms partaking in Evening Study. During this time (Sunday evening through Thursday evening) campus leave is limited to the village of Merrickville, sanctioned school outings and specified appointments with the permission of the Head of School.

Staying in Merrickville and Not getting into a Vehicle: Self-Sign Out

Students can self-sign out of campus if they are staying in the village of Merrickville and not getting into a vehicle. They must return to campus and sign back in within three hours of signing out. The self-sign out book/clipboard at the front reception by the telephone. On the self-sign out sheet the student must record the date, where they are going, who they are going with, when they are signing out and the time they are expected to return. When the student returns, they must record the time they return and initial. The Residential Life Supervisors check the self-sign out clipboard every 45 minutes to track students' whereabouts and ensure students are returning at their stated time. Those that do not sign-out or fail to sign back in within three hours will face detentions. Repeated behaviour will result in suspension off campus at the parents' expense and possible expulsion with no refund.

Leaving Merrickville and/or Getting into a Vehicle: Sign Out with Residential Life Staff

Students that wish to leave the village of Merrickville or will be getting into a vehicle must meet with the Residential Life Supervisor on duty to discuss their travel plans. The student must explain where they are going, what they will be doing, who they are going with, when they are leaving, when they are returning and by what means of transportation they will be traveling. It is at the Residential Life Supervisor's discretion to grant campus leave. If a student has been delinquent in any way (not doing homework, late for class, disrespectful, etc), or if the leave plan is not valid or sound, the Residential Life Supervisor can deny campus leave. If campus leave is granted the information shared with the Residential Life Supervisor will be recorded in the "Off Campus Leave" binder. Upon returning from their campus leave the student must report to the Residential Life Supervisor and sign back in. If the student has not returned at the appointed time, or not signed back in with the Residential Life Supervisor, they can face consequences ranging from detention, off-campus suspension at the parents' expense or expulsion with no refund.

Leaving Campus Overnight or Missing Two Meals: Sign Out Head of School, Parental Consent Required

If a student plans to be away from campus overnight or plans to be off campus for more than two meals, parental consent via email must be sent to the Head of School **three days** prior to the leave request. The parent's email must state that they support their child's leave, outlining:

- i) when the student is leaving (date and time).
- ii) when the student is returning (date and time).
- iii) what transportation the student will be taking.
- iv) where the student will be staying, including:
 - a) name of person staying with.
 - b) address of location student will be staying.
 - c) phone of location where student will be staying.
 - d) email of the person the student will be staying with.

In so doing the parent has taken responsibility for their child's well fare during the leave and absolves Merrick Preparatory School of any responsibility and/or custodian care during the leave time.

If any of the above leaves are in conflict with a Merrick Preparatory School event, or in Merrick Preparatory School's evaluation the leave may put the student in jeopardy, Merrick Preparatory School has the right to deny the leave request.

Leave and Accommodation During Times When the School Is Closed

At certain times of the year (December and March Break) the school is closed, and students are required to leave campus. During these times student typically have three options:

1. Return to their home country to be with their parents.
2. Stay with a relative or family friend with consent of their parents.
3. Board with a Homestay family which the school can help coordinate with a minimum of three weeks' notice.

Individuals under the age of 18 are legally prohibited from booking their own accommodation and occupying hotels, Airbnb, Bed & Breakfasts, or other accommodation unaccompanied by an adult. During our breaks when the school is closed students 18 years of age or older, with consent of their parents, can book their own accommodation. Students under the age of 18, even with their parent's consent, cannot book or occupy their own accommodation and must choose one of the three options outlined above.

Guests of Boarding Students, both Day Students and non-Day Students, must always be accompanied by their host boarding student, particularly if entering the dorm room hallway.

SWIMMING & WATER POLICY

Merrick Preparatory School is located on the Rideau Waterway with plenty of access to water. Students are not permitted to venture into the water under any circumstances unless they are accompanied by licensed lifeguards at a minimum ratio of one lifeguard per ten students. This ratio is valid only if the students have passed a swim test as orchestrated by the lifeguard in accordance to the Ontario Public Health Act and Regulations: Health Protection and Promotion Act R.R.O. 1990, Regulation 565.

If there are non-swimmers in the group, there must be a minimum of one lifeguard for every four non-swimmers. All students and staff, non-swimmers and non-swimmers must wear a life jacket at all times.

Lifeguards must hold a current National Lifeguard Service (NLS) certificate and follow all procedures and policies as outlined in the Ontario Public Health Act and Regulations: Health Protection and Promotion Act R.R.O. 1990, Regulation 565.

At no time, under any circumstances, are students allowed to venture onto any frozen body of water. This policy applies to all water, man-made or natural, public or private.

STUDENT HEALTH POLICY

Merrick Preparatory School promotes responsibility among students to self-care and prepare them for independent living upon graduation. At the same time, Merrick Preparatory School works with students and families to ensure all medical and health related matters are promptly and adequately addressed. The following outlines the schools' policies as they relate to student health.

If a student is ill and is required to rest for the day and miss classes, all their electronics will be removed to allow the student to sleep and rest. If the student is well enough to attend classes in the afternoon or partake in the evening meal, then any missed tests or exams will be written during supervised Evening Study (7:00p.m. – 9:00p.m.). If a student is ill for the whole day and is not well enough to attend the evening meal, then any missed tests or exams will be written the following day during the Multiple Subject Instructional Period (MSIP). Students that miss classes in the morning and any part of the afternoon due to illness must remain in their room for co-curriculars and the remainder of the afternoon and evening to ensure they get the rest they require. All students will be seen by professional medical staff if their illness is sustained or of a serious or urgent matter.

The student health insurance coverage provided with tuition through Guard.Me Canada has limitations and exclusions listed on their website that parents, guardians, agents, and students should be aware of. Pre-existing conditions are not covered by Guard.Me, including any new or existing mental health issues. It is extremely important that parents, guardians, agents and students complete the Merrick Preparatory School Student Medical Profile found in the Parent-Student Handbook in its entirety and completely with absolute disclosure to ensure the health and safety for all, particularly numbers eight (8) and nine (9) in the Student Medical History related to mental, emotional and psychological health and stability. Failure to disclose may result in immediate expulsion with no refund.

Merrick Preparatory School will assist in finding external mental health counselors to aid students in managing minor or simple issues of basic stress and anxiety as it relates to things such as stressful exam periods, however, more complex mental, psychological and emotional health issues are not something Merrick Preparatory School is equipped to manage; the school cannot act as a mental health facility for students. Further, it must be understood that Merrick Preparatory School is located in a small rural village. There is no mental health professional working in the village and as a result, any mental health treatment is not easily accessible. Access to mental health professionals require referrals from medical doctors and long wait times. It is not unusual to wait a year or more before a mental health practitioner can be seen. The costs of transportation to seek mental health professionals, in addition to the costs of the therapy, is extremely high given these costs are not covered by Guard.Me Insurance.

Those who require constant supervision, specialized trained staff or ongoing and regular therapy require specialized support that Merrick Preparatory School cannot provide; nor can the school monitor student medications for an ongoing or sustained period. Issues such as suicide ideation, self-harming behaviours, mental or emotional disorders, including but not limited to stress, anxiety, panic attacks, depression, eating disorders/weight problems, other emotional, psychological or mental disorders, or psychiatric or psychological treatment are issues beyond the scope, skill and expertise that teachers, educators and administrators at Merrick Preparatory School can provide. In these situations, or others that the school deems it cannot adequately support, the safety and health of the student, the whole student body and staff are paramount. Students in these situations cannot remain on campus and must return home to seek appropriate care. If the student wishes to return to Merrick Preparatory School, re-admission will be considered if the student has had regular and ongoing treatment for six consecutive months by a licenced and trained psychologist or psychiatrist. The student must be stable and have no break-downs, issues or attacks for the six consecutive months and the psychologist, or psychiatrist, deems it safe for the student to return to a rigorous academic environment within an international boarding school. We require an assessment in writing from the attending psychologist or psychiatrist after the consecutive six-month treatment period before re-admission will be considered, at which time re-admission is only considered for the start of the next full academic year in September, no other re-admission time will be considered.

Asthma: Bill 20, Ryan's Law

In order to be compliant with the Ontario legislation, specifically Bill 20, Ryan's Law, the following has been put in place for the protection of Merrick Preparatory School students and staff.

Student Medical Profile

All new and returning students must be complete the “Student Medical Profile” which is comprised of three components:

1. Student Medical History
2. Immunization History
3. Consent to Treatment

Returning students and their parents can sign a document stating that nothing has changed from the previous year and thus would not be required to complete all three forms, conditional that all three forms had been completed and submitted in their entirety.

Medications

Upon arrival at Merrick Preparatory School, the Residential Life Coordinator or Residential Life Supervisor Full Time will collect all medications, as outlined on page 9 of the Parent-Student Handbook. All students must provide three sets of prescription medication with English labeling and explanation of what the medication is used for. The medications will be kept as follows:

1. One set of the medications will be kept with the student. This is particularly true for any emergency medications for asthma or anaphylactic/severe allergic reaction. Students will be instructed by the Residential Life Coordinator to keep these medications on them at all times.
2. The second set of medication will be kept in an “On-Site” medical kit. This medical kit is to remain on site at all times and will be locked in the medical cabinet. All staff will have access to the medical cabinet so that they can access the “On-Site” medical kit at any time. The Residential Life Coordinator will provide annual training on this kit, its location, contents, and purpose. The medical kit will contain:
 - a. All prescribed medications of all students
 - b. A list of all medications, what they are used for and for what student they are prescribed to
 - c. A list of all medical issues of all students as taken from their Medical Profile
 - d. A medical dispensing list so that when a staff dispenses medication to a student from the On-Site Medical Kit the time, date, medication, and amount of medication is recorded per student
3. The third set of medications will be kept in an “Off-Site” medical kit. This medical kit is to be kept in the locked medical cabinet. The “Off-Site” medical kit will be maintained and organized in the exact same fashion as the “On-Site” medical kit, as outlined above in #2. Whenever staff are taking students on an “off-site” excursion they must take the “Off-Site” medical kit so that they are prepared to assist any student who experiences any medical distress with their known medications. This is also essential in order share with any medical professionals should the student require medical attention beyond what the Merrick Preparatory School staff can provide.
4. At the end of each week the Residential Life Coordinator will review both the On-Site and Off-Site medical kit to ensure that the medications and information contained within remain accurate, up-to-date and resupplied as necessary.
5. As part of the training, the Residential Life Coordinator will ensure that all staff are aware that if they dispense medication they must record it in two locations, both in the On-Site and Off-Site medical logs so that should both medical kits have accurate and up to date information.

BULLYING POLICY

Ontario schools are required to review annually the duty to respond to all incidents of bullying, as well as the duty to report serious incidents of bullying. Serious incidents of bullying include, but are not limited to racist, sexual, sexist, and homophobic remarks slurs, jokes, or graffiti, prolonged or repeated social and cyber-bullying, as well as incidents that could lead to suspensions and/or

expulsions.

Every student has the right to be treated with dignity and respect and to feel safe within the school environment. Students who are free from bullying can give their education the full attention and effort needed for success. Bullying behaviour adversely affects not only the learning environment of a school but can lead to more serious violence, as well as long-term social and emotional problems not only for those powerless individuals who are the victims of repeated aggression, but for those who perpetrate it and also for those who see it happening.

Bullying will not be tolerated on Merrick Preparatory School property, at school related activities, in school vehicles, or in any other circumstances (e.g. on-line). Bullying behaviour has a negative impact on healthy relationships and the school climate. It is everyone's responsibility to stop bullying behaviour within the school community.

DEFINITION OF BULLYING

Bullying is defined as aggressive and typically repeated behaviour by a student where:

1. the behaviour is intended, by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of:

 - b. creating a negative environment at a school for another individual, and;

For the purposes of the definition, "bullying" behaviour includes the use of any physical, verbal, electronic, written or other means. Students who bully are learning to use power and aggression to control and distress others. Students use power in many ways: size, strength, intelligence, age, social status, economic status, knowledge of another person's vulnerability, membership in a dominant group. SUPPORTS FOR VICTIMS OF SERIOUS STUDENT INCIDENTS

All school employees must take allegations of gender-based violence, homophobia, sexual harassment, and inappropriate sexual behaviour and bullying seriously and act in a timely, sensitive, and supportive manner.

School employees working directly with students must support all students, including those who disclose/report such incidents by:

- providing contact information about professional supports (e.g., community agency);
- making this information readily available to students who may wish to discuss issues of healthy relationships, gender identity, and sexuality (eg. public health).
- provide parents with student services pamphlet if they are not satisfied with the supports their child receives.
- refer students to a community agency for confidential support when the parents/guardians are not notified (eg. Sexual Assault Centre, Kids Help Phone, LGBT Youth Line).

When the Head of School determines that it is necessary to separate students to preserve school safety or to protect a student, it is preferable that the victim not be moved, unless the victim/parent/guardian makes a specific request to do so.

PREVENTION STRATEGIES

Positive School Climate

A positive school climate is defined by the Ministry of Education as "the sum total of all the personal

relationships within a school.” When these relationships are founded in mutual acceptance and inclusion, and modelled by all, a culture of respect becomes the norm. A positive school climate exists when all members of a school community feel safe, comfortable, and accepted.

Schools will support students who want to establish and lead activities or organizations that promote a safe and inclusive learning environment, the acceptance and respect for others and the creation of a positive school climate.

What you can do if you are being bullied...

If it's hard to stand up for yourself, ignore the bullying and walk away...then tell someone who can help

Talk to someone who can help:

- an older student, your friends, classroom teacher, guidance counselor, school principal, sports coach, parents, or any adult you trust

**It really does work when you talk to someone and get help.
You may have to tell more than one person...Don't Give Up!**

If you're scared to talk to an adult on your own, ask a friend to go with you

Go to areas where you feel safe

Stay close to students you can count on to stick up for you

Look confident and tell the child who bullies to back off...bullying is NOT cool!

Stay calm...try not to show that you are upset when being bullied

Get funny...humour shows you're not bothered

Be assertive, not aggressive...fighting back often makes the bullying worse

No one deserves to be bullied

YOU help to make your school a better place by seeking help to stop bullying

What you can do if you bully and are ready to stop...

Talk to someone who can help:

- an older student, your friends, classroom teacher, guidance counsellor, school principal, sports coach, parents, or any adult you trust

They can help you find ways to get along with other children.

Ask a friend to help you stop if you start to bully others

Set goals each day to make it easier not to bully - keep your cool (e.g., Today I'll help others rather than hurt them)

Understand that you may not like everyone around you, but you do have to treat them with respect.

Appreciate kids' differences... different doesn't mean worse or better than you

Put yourself in other kids' shoes. Would you want to be picked on, put down, or left out?

Apologize to the kids you have bullied

Resist peer pressure to bully...do what's right

Know that if other kids watch and laugh, it doesn't mean they like it when you bully

Be a real leader....real leaders treat others with respect
YOU help to make your school a better place by being a positive leader and not someone who bullies

If these tips work for you, pass them on to others

What you can do if you see someone being bullied...

Talk to someone who can help:

- an older student, your friends, classroom teacher, guidance counsellor, school principal, sports coach, parents, or any adult you trust

Remember...telling is not tattling

Telling is what you do to get someone out of trouble

Tattling is what you do to get someone into trouble

If you walk away and get help, you are part of the solution...if you stay and watch, you are part of the problem

Stand up for kids who are bullied....they can't do it themselves

Invite kids who are bullied to play with you somewhere else

Comfort the person who was hurt and make it known that what happened was not fair or deserved

The best thing you can do for kids who are bullied is to be their friend

Tell kids who bully to back off...Bullying is NOT cool!

If it's hard for you to speak out against bullying on your own, ask a friend to do it with you

Help kids who bully, don't hurt them...speaking out helps, bullying back doesn't help

YOU help to make your school a better place by doing your part to stop bullying

If these tips work for you, pass them on to others
